

WASTE SERVICE INFORMATION COMMERCIAL AND NON-RATEABLE PROPERTIES

All properties classified Commercial or Non Rateable in Councils rating system can elect to have a Council or private company waste collection service. Council offers the equivalent of its residential bin service to commercial properties with the exclusion of the kerbside bulk household collection.

While Councils commercial property waste collection service operates 5 days a week, (Mon-Fri) properties will only be serviced once a week. Your servicing day will align with the residential collection zone of the area your property is located within. All commercial properties wanting to utilise Councils service are required to have at least 1 x 240L recycling bin.

Waste, recycling and garden organics services are available with the following collection frequencies:

- Waste, collected weekly
- Recycling, collected fortnightly
- Garden Organics, collected fortnightly (alternate week to recycling) optional

All bins are 240L in size with the exception of waste which is available in 120L's as well as 240L.

Available Services

A Council commercial property waste collection service is available for a fee by completing the attached application form. The application form must be completed in full, signed by the property owner and returned to Council. You must supply the rate assessment number for the property where the business is operating or the form will be returned. If you are renting your property please contact your real estate agent for the rate assessment number and to check whether they are authorised to sign the form on behalf of the owner.

If you already have a commercial waste collection service and want to increase, decrease or cancel your service the attached application form must also be completed.

All charges for bins will be billed 'pro rata' on the owner's rate assessment notice. This means if the requested service is only utilised for part of the year, charges will only be applied for the proportion of the year that the service is utilised. Bins are delivered with 3-5 working days of receipt of your application form by Council.

All commercial properties waste collection services charges are GST exclusive.
