IMPORTANT NOTICE: Electronic Lodgement Requirements

Commencing on 1 November 2011, Council will not accept Development Applications unless they are accompanied by electronic copies of all supporting documents, including plans and completed application forms. Hard copies will continue to be required as per this Checklist together with a CD or USB or similar device containing electronic copies.

All electronic documents submitted with your application must satisfy the following criteria:

1. **PDF Format** - All documents, plans, application forms etc must be submitted as separate PDF files for each document or plan or application form **e.g. site plans must be on one pdf document, elevations must be on another separate pdf document. Pdf documents can consist of numerous pages**, in accordance with Council's file naming protocol. Security settings must not be applied to electronic documents, this includes passwords.
2. **Documents** - must be A4 formatted and optimised for minimum size (on-line publishing). Files larger than 4Mb should be broken up into logical parts and supplied as separate files.
3. **Plans** - must be to scale and rotated to landscape.
4. **File Names** - file naming conventions will apply to all electronic documents, including plans and application forms. File names are to match the document requirements listed in this DA Checklist, for example:
1A Marlborough Street, Drummoyne – A Survey Plan, 1A Marlborough Street, Drummoyne – B – Site Plan
5. **Accuracy** - electronic documents must be exact reproductions of the original hard copy documents or plans.

NOTE: Electronic Documents lodged with Council will be published on Council's DA Tracking Tool on our web page. Please ensure you read and complete Question 15 on the Development Application Form.

Your electronic device will be returned to you once your Development Application has been determined by Council.

PLEASE NOTE:

From 1 July 2018, Council will only issue Determination Notices and stamped plans in electronic format. Following the introduction of this system, Council will amend all DA Checklists to reduce the number of hard copies required to be submitted with Development Applications.
